

WHAT'S NEW IN THIS VASL VERSION – VASL6.7.1-beta3

New Features

Feature 1: Counters for Slaughter at Ponyri added to the HASL and CGs section.

Bug Fixes

Fix 1: Fixed rendering of infantry "Class IDs".

Fix 2: Corrected color of Russian MMC unit depictions.

Fix 3: Corrected Japanese HMG PP value to '4'.

Fix 4: Corrected Japanese 50mm MTR range to "1-16".

Improvements

Improvement 1: Adjusted shade of red used in vehicle and gun counter notation to improve visibility.

Improvement 2: Adjusted position of vehicle movement point values for improved readability.

Improvement 3: Matched broken side "Class IDs" to the new good order side versions.

Improvement 4: Removed thin black stroke on "white" text OBA counter variants to improve readability.

Improvement 5: More closely matched BMG & RMG malfunction counters/Multi-fire counters/"Bad Things" flags to the physical game components.

Improvement 6: Added "Orchards to Olive Groves" transformation.

Compatibility Notes

Minimum Version Required: Built with VASSAL 3.7.16.

Compatible with games saved in versions 6.6.6–6.7.0.

Thanks to Gordon Molek for almost all of the above.
